At Hixenbaugh Ancient Art, we believe that responsible collecting of antiquities is not only a pleasurable pursuit and wise investment, but an important responsibility. Today's collectors are custodians of the past, links in a chain, preserving the past for future generations by passing their collections on to their heirs, reselling them to eager collectors, or donating them to museums. In doing so, the collector of ancient art reaps the many benefits of acquiring truly unique and thought provoking objects that have come down to us from the ancients, whose influences pervade every aspect of the modern world.
